

Berkshire[®] Shingles

Sherwood Beige[†]

Berkshire[®] Shingles are a component of the Owens Corning[™] Total Protection Roofing System^{™^}

A modern expression of a classic style.

With their timeless beauty and understated elegance, it's no wonder slate roofs adorn some of the most beautiful buildings in the world.

Berkshire® Shingles combine the classic look of slate with modern technologies and expressive colors that are inspired by nature but not limited by it. The result? A bold look that will last for years to come and never go out of style. Plus, our color-matched Berkshire® Hip & Ridge Shingles will finish your roof beautifully.

- Limited Lifetime Warranty*^{+/††} for as long as you own your home
- 130 MPH Wind Resistance Limited Warranty*
- Algae Resistance Limited Warranty*^{+/‡‡}

Home sweet home.

Home is where you want to feel the most comfortable and protected. It can be a source of pride and an expression of your personality. But when the time comes to purchase a new roof, it's easy to feel overwhelmed. Don't worry. Owens Corning Roofing and your contractor are here to help. We'll make it easy for you to select the right shingle for your type of home and sense of style. You can feel confident about choosing our roofing products – Owens Corning has been a recognized leader in the building industry for over 75 years. And we take pride in being America's #1 Roofing Brand.^{SS}

By choosing Berkshire® Shingles, you can transform the look of your entire home with a classic, elegant look that will stand the test of time. This is your chance to choose a roof that not only has outstanding performance and protection, but also provides exceptional beauty and comfort. So you'll feel right at home every time you pull in the driveway.

Protected. Proud. Home.

** Applies for all areas that recognize Miami-Dade Product Control Section.

† Owens Corning Roofing strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

†† 40-Year Limited Warranty on commercial projects.

‡‡ Berkshire® Hip & Ridge is required for 15-year Algae Resistance Limited Warranty.

§ Only on product sold in Canada.

Underwriters Laboratories Evaluation Services Evaluation Report.

The most important part of the roof? All of them.

It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside.

The Owens Corning™ Total Protection Roofing System™^ gives you the assurance that all of your Owens Corning™ roofing components are working together to help increase the performance of your roof – and to enhance the comfort and enjoyment of those who live beneath it.

^Excludes non-Owens Corning™ roofing products such as flashing, fasteners and wood decking.

Help prevent heat and moisture buildup in the attic by allowing fresh air to enter the attic.

Help protect vulnerable areas where water can do the most damage: eaves, valleys, dormers and skylights.

Help prevent damage from wind-driven rain by providing an additional layer of protection between the shingles and roof deck.

Enjoy clean lines and faster, easier installation by eliminating the need to cut shingle tabs.

Choose from a variety of durable styles and colors that provide the first line of defense against the elements.

Help protect your roofing system by allowing heat and moisture to escape from the attic.

Help protect the ridge vent and add an attractive, finished look to your entire roof.
